

#3

Fig. 1

Cathode
Layer of light emitting medium (Light emitting material emitting blue light and fluorescent compound)
Anode

Fig. 2

Layer of light
emitting
medium

Cathode
Light emitting layer A (Light emitting material emitting blue light and fluorescent compound)
Charge transporting layer
Anode

Fig. 3

Layer of light
emitting
medium

Cathode
Light emitting layer B (Light emitting material emitting blue light)
Layer comprising fluorescent compound
Anode

Fig. 4

Layer of light
emitting
medium

Cathode
Light emitting layer emitting blue light
Layer of fluorescent compound
Anode
